CLASS HISTORY

On a bright sunny morning in September in the year 1942, we entered Vocational High as Freshmen. We were an excited group and we were all glad of the opportunity to come to "Voke".

The Junior Class welcomed us at the beginning of the term by a dance given in our honor. It goes without saying, we enjoyed it very much.

The world was in the midst of a great conflict at the time of our entrance into Vocational. We helped in the scrap-drives and stamp-buying contests and we were determined to master our subjects for we knew that after World War II there would be a need for skilled workers.

Days passed quickly. The Christmas Season approached and with it, our Christmas Assembly and Party. They were both a success.

Basketball games! Mid-year exams! Baseball! Track! Final exams! June was here and it was 'whoops' for our summer vacation and part-time jobs!

In September, we re-entered school proud of the fact that we were Sophomores.

Many of the boys went out for football and some of the girls for cheer-leading.

Our first record-hop was held early in September and proved to be very enjoyable. This, and other dances, made our Sophomore Year a pleasant one. In no time at all the year was over and we were upper-classmen.

Our Junior Class Officers were:

President—'Mike Bobrowiecki

Vice President—Joan Harrington

Treasurer—'Joe' Martin (Joe went into the navy and was replaced by Pearl Lupo.)

In October Miss Horne retired as head of the Household Arts Dept. We were fortunate in obtaining Miss Agnes Early, formerly of the State Dept. of Vocational Education as her successor.

The first dance of our Junior Year was held in honor of the incoming Freshmen.

Our Junior Prom, held on May 4, 1945, was a gay affair. A great many gathered to join in the fun and dancing. In this month we also received our Class Rings. They were very attractive.

With half the year over we began to make plans for our Junior Outing which was to be held at the Pine Hill Pavilion in Acushnet. What fun we had there! We'll never forget the humurous prizes given the winners of the various games.

At the end of the year, we looked back with pleasure on all the good times we had had — our Junior Outing, our Junior Prom and the various dances that we held. But we could not help but be sad at the thought that many of our teachers and students were in the armed forces.

We began our Senior Year electing officers by means of the secret ballot.

The results were:

President—Gilbert Gosselin
Vice President—Pearl Lupo
Secretary—Hilda Timmer
Treasurer—Kenneth Whittaker

('Gil' left to take drafting work in Fall River. 'Kenny' Whittaker took his place).

Our class held a Harvest Dance in November in Hammond Auditorium. It was greatly enjoyed by everyone who attended.

The girls served the traditional Christmas Tea, December 12, 1945. Faculty members and other prominent civic leaders were present.

We were especially proud this year of our school's record in sports. We had teams of which to be proud!

Our Mid-Winter Formal was a high-light in our Senior Year.

It is now June ,1946. Our Senior Prom, Banquet and Graduation are near at hand. We are entering a significant period in our lives — but we are sure our training here at Vocational High will carry us through the years ahead.

CLASS PROPHECY

We were sailing over the waters of the Atlantic Ocean in our Super Sea-Scraper, with Herman Young at the wheel. The year is 1955, our position is three miles southeast of New York Harbor.

As we approach the harbor, the girls take out their make-up kits and try to make themselves beautiful for the grand landing, while the boys straighten their ties and comb those waves into place.

We soon arrived in port and found a large crowd mobbing the gang plank hoping to see the world famous comedian, "Eddie" Motta with his manager "Tommy" Moriarty and secretary Bernadette Benoit, passengers on our Scraper.

We see at the gang plank the well-known newspaper reporter, John Pedro, trying to snap pictures for the next issue of the New York Times. This paper is edited by Raymond Green and the assistant editor is Donold Whitworth.

As we walk along the shore we find Richard Bernier, "Tommy" Thornhill and Elliot Helfand putting the finishing touch on their latest sailing vessel. Eldridge Lawrence, Alton Linton and Clifford Irwin, on shore leave from the navy, are planning to surprise them by making a little hole in the bottom of the vessel when it is finished.

We then proceeded to enter that exclusive night spot, "The High Hat". To our surprise we were welcomed by the manager himself who was none other than Robert Ohnesorge. He directed us to the best table, immediately in front of the stage. "Lenny" beckoned to the head waiter who was Aurele Pepin, another of our classmates. Aurele helped us to order a delicious dinner.

Immediately after dinner the floor-show began. The master of ceremonies, Kenneth Whittaker, introduced the first number. This act was a combination Tango and La Congo by Laura Sylvia and "Chet" Hudzik. It was wonderful! Next on the program was the famous musical comedy star, Eileen Henry, accompanied brilliantly on the piano by Hilda Fernandes. Last on the program was a dance by "The Cover Girls" who were made up of Flora Booth, Joan Harrington, Carol Houston, Letha Pierce, Cecelia Roderiques. After the show we went to our hotel room and tried to get a few winks of sleep.

Everyone was up bright and early the next day to start on a sightseeing tour. Our first stop was Coney Island. As we entered the gates, we saw Edgar Beauregard selling peanuts, pop corn, soda and Stanbacks. To encourage him, we each bought a Stanback figuring that we might be able to use them at the end of the day. Walking down the main path we found none other than our own Vivian Morin operating airplanes, expertly designed by Leonard Belben. Vivian was doing a grand business, especially with the boys.

As we continued our walk, whom should we meet but Mrs. Vigeant, the former Estelle Cormier, accompanied by her husband, and Mrs. Arthur Gronlund the former Claire Brodeur, also accompanied by her husband. These two young couples were celebrating their wedding anniversary with a week end in New York.

After visiting Coney Island and having a bite to eat at a near by restaurnt, we went for a tour of Radio City. Our first stop was at studio number one. There at the mike was "Ray" Dupont, announcer for the program. Laura Cosmos, the star of the program was giving a recipe for baking powder biscuits. Caroline Pena, Gwendolyn Bergland, and Elizabeth Lopes, assistants to Laura, were showing golden brown biscuits to the women in the audience.

We tried to get into the next studio on time. This studio was very crowded. The program was "Young Dr. Malone" with Fred Dalzell as the young doctor.

Among the interesting data given us by the Radio City guide was the fact that "Joe" Robitaille, "Ed" Spencer, Hector Richard and Harold Mattson were employed as food tasters in the famous Radio City Restaurant. We take it for granted that they must be in their glory, for if there was one thing that these boys enjoyed doing at Vocational High School, it was eating!

In the middle of the afternoon our party separated. The girls went to "Madame Louise's", the well known dress shop, operated by Hilda Timmer, to see the latest styles. The models were Margaret Smith, Pearl Lupo and Aline Zussy.

After seeing the latest fashions in clothing, we hurried over to Constance's Beauty Salon, operated by Constance Jordan. There we were well taken care of by Jean Caswll, Muril Masse, Muriel Breault, June Ayler. Such waves and such manicures we had!

In the meantime the boys decided that they would like to go bowling. They went to the "Cozy Bowling Allies" operated by Mitchell Pielech, Donald Erickson, John Gracie, Frank Pietraszek and Ronald Martens who were successful business men. There, they assembled two teams and had a match. These Experienced Bowlers certainly kept the pin boys, Cecil White and Arthur Souza, quite busy. While they were playing an exciting game. Steve Urbanck and "Tommy" Peters who had begun to put on weight, were contented to watch on the side-lines whistling at every girl that went by.

After the bowling match the boys and girls met again for supper and then went to a boxing match. The contestants were "Teddy" Turbak and Frank Jarosz. Gordon Hathaway, manager for Turbak, and Peaul Lynch, Manager for Jarosz, were seen giving last minute instructions to their man. The game was a close contest, with Turbak the winner by a lucky punch.

It was quarter to twelve. We made a dash for the docks because the Sea-Scraper left on the dot of twelve. We hated to leave New York City but it was time to return to work — Louise Taber, Aurise Barrieau, Margaret McKenna and I to our secretarial duties in New Bedford and the boys, John Bindas, Andre Champagne, Arthur McClurg, Joseph Barbero and Gilbert Gosselin to their position as teachers at the New Bedford Vocational High School. The boys are a little worried, for the last time that Mr. "Mac" visited their classes, he didn't look too happy!
